

All vehicle shipments are covered by the following terms and conditions.

Possible exceptions will be considered and decided by Posey Logistics.

1. For all vehicle shipments, Posey will do everything possible to move the vehicle at the price given in the time frame requested. However, Posey cannot guarantee pickup and delivery times. Posey will not be responsible or liable for loss of any kind if a vehicle is not delivered in the time frame requested; these times are estimates only. If the shipper or receiver of the vehicle will not be available at time of pickup and/or delivery, Posey must be notified as soon as possible.
2. Shipper warrants that it is the registered owner of the vehicle, or that the customer has been authorized by the owner to transport the vehicle.
3. Posey will not guarantee any specific carrier or driver for a shipment.
4. In preparing the vehicle, there should be no more than 1/4 tank of fuel. Remove all personal items from your vehicle, repair any chips and/or cracks in your windows and make sure your vehicle is prepared for changing weather conditions. 7. If damage occurs during transport, notify our office immediately. Any damage must be noted in the bill of lading when recipient inspects the car upon arrival. The vehicle must be inspected thoroughly. Signing without noting any damages states that the vehicle arrived in good condition and Posey is relieved from liability.
8. In shipping a vehicle, Posey assumes that it is the only transporter working on that vehicle move. When Posey is informed to move a vehicle, other companies working on the move must be told to cancel the shipment.
